

Ohio Revised Code Section 4965.56 Track connections.

Effective: October 1, 1953

Legislation: House Bill 1 - 100th General Assembly

When the track of a railroad company crosses, connects, or intersects a track of the same gauge of another company, either company may connect the tracks of the two railroads so crossing, connecting, or intersecting so as to admit the passage of cars from one railroad to another with facility and avoid the necessity of transferring freight from such cars.
